

FOAM GENERATOR

Electronic Dry Foam Generator is used with Carpet Washing Machine (PR510) for producing lighter and plentiful foam from the diluted carpet cleanser.

The foam generated from these electronic device can be dried very easily and quickly, than with the normal water cleaning of carpet.

PR 510

Model No.	Power	Voltage	Current	Capacity	Foam	Weight	Noise	Dimensions (cm)
PR 510	40 W	220V - 240V/50HZ	0.5A	5L	0.05m ³	6.6KG	<=60db	28 * 25.5 * 55
